

MISSION STATEMENT

The mission of the Children's Miracle Network is to generate funds and awareness programs for the benefit of children served by its associated hospitals.

RE/MAX is proud to be the **exclusive international real estate sponsor** of the **Children's Miracle Network**. In the 9+ years of involvement with **CMN**, RE/MAX Associates in North America have contributed over \$27 million to the over 170 member hospitals.

In Canada, **RE/MAX** is the largest overall corporate contributor to the **Children's Miracle Network** - \$1.6 million in 2000. The funds contributed by **RE/MAX** have provided needed medical care for more than two million Canadian children.

RE/MAX chose the Children's Miracle Network as its international charity because

100% of what **RE/MAX** Associates raise goes to the **CMN** Foundation serving your area; and because you can't find a more universal cause than caring for our children.

RE/MAX lists and sells homes with the very families whose children have been served, or may one day be served, by a **CMN** hospital. One out of ten children will be treated at a **CMN** hospital by the age of 18.

RE/MAX stands for quality service and for caring about the communities where its Associates live and work. **RE/MAX** makes the world a better place to live through **Premiere Community Citizenship**, and **CMN** involvement sends your community a positive message about **RE/MAX**.

**By being a contributor to the Children's Miracle Network, you create a WIN-WIN situation. Your participation in the program is a perfect recruiting, selling and listing tool and the contributions you make to CMN benefit the very community you serve. Thank you! After all - it's not a donation - it's an investment -
IN THE FUTURE OF OUR CHILDREN.**
